

Arjun Mehta - Backend Engineer

Demonstration resume - fictional person and history

Contact

arjun.mehta@example.com | +91-90000-00002 | Pune

Summary

Four years of backend development in Java and Spring Boot with solid SQL fundamentals. Comfortable with REST API design, unit testing, and CI/CD on GitLab.

Experience

Software Engineer, RetailWorks (2022-present): Maintained inventory microservices in Spring Boot; wrote Flyway migrations; improved batch import throughput by 3x. Junior Engineer, InfraSoft (2021-2022): Built internal dashboards and REST endpoints.

Skills

Java, Spring Boot, MySQL, REST, GitLab CI, Docker basics, some Python.

Education

B.E. Information Technology, Pune University, 2021.
